

Graphite Multidirectional

Description

Wavelength porcelain tile is a constant evolution of design with modern influence. Sculptural minimalism in muted tones. With limitless pattern abilities, whether to maintain a consistent flow or challenge the direction of where lines meet.

Linear Colors

Multidirectional Colors

The multidirectional option includes both the linear and multidirectional patterns, randomly packaged together. The manufacturer tries to maintain an even split of patterns, but it is not guaranteed. Only the linear pattern may be ordered individually.

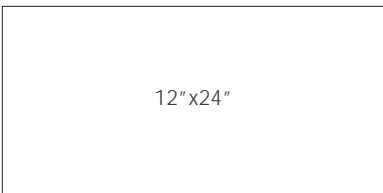

Pink Multidirectional

Orange Linear

Size

Finish & Thickness

Matte | 10mm
Finish varies per size and color –
Refer to Color•Size•Finish Matrix

Lead Time Technical Data

8-10 Weeks

Location

Italy

Specification Reference	Test Method	Test Result
DCOF	ANSI A326.3	Not Applicable
Water Absorption	ISO 10545-3	< 0.5%
Body Type	Shade Variation	
Glazed Non Color-Body Porcelain	V2
